

**KID EASE NOTICE RE COVID-19 [CORONAVIRUS]
Update Friday 20th March 2020**

Further to the Government's Covid-19 updates over the past 48 hours, there is a large amount of conflicting and fluctuating information being provided to the early years and childcare sector. This information is also changing from one day to the next.

I would like to inform you that all Kid Ease nurseries will be open on Monday. Over the weekend my colleagues and I will continue to evaluate and consider what is expected of us, in particular as our staff offer an essential service to our children, their families and our local communities.

I will of course update you again as soon as I can.

Thank you.

Ian Atkey
Managing Director
